the discussion board, which allows us to have a saying in this online format class
Weekly videos and opportunities to redo assignments after submission comments were given
The discussion posts that encouraged thought and application of concepts in the real world, and video lectures available for review throughout the duration of the course

What 2-3 aspects of this course were least valuable to your learning experience?

Comment
None
Some assumptions made about background knowledge relating to concepts that led to jumps between steps in math/equations, and presentation of concepts felt scattered at times

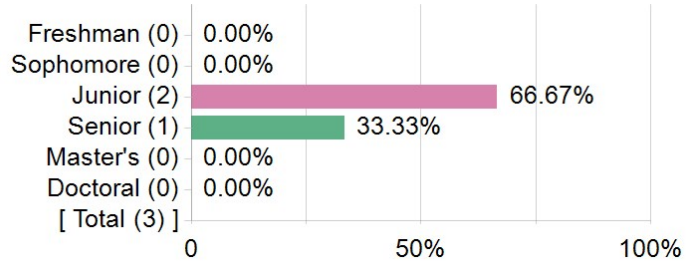

What modifications do you suggest for the next time the course is taught?

Comment
None
Refinement of individual concept presentation (cleaner structure of lesson topics), and a bit more detail to accommodate those with less familiarity of background information
